Install Office 365 Desktop Apps on a PC

5. Click 'Install Office'.

6. Click 'Office 365 apps' from the drop down menu.

A yellow installation bar will appear at the bottom of the screen

7. Click 'Save'.

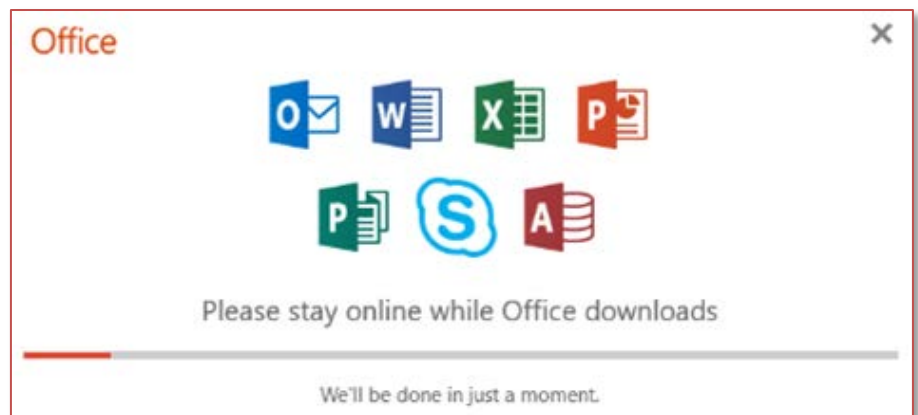

Once the file has downloaded, the options on the yellow box will change.

8. Click 'Run'.

9. Click 'Yes' if asked to give permission to Office365 to make changes to your PC. This is a requirement to allow the installation to take place.

Office will begin installing and you can follow its progress on the graphic.

Please note you must stay connected to the Internet to allow Office to complete the install. This can take up to 2 hours.

10. Once the installation is complete, you will find the applications in your start menu licensed and ready to use.
