Sheffield Hallam University

Connecting to SHU WIFI for iPhone/iPad/iPod

5. On the **Certificate** screen press '**Trust**'

6. After a short wait you should see a tick next to '**SHU-USS**'

You are now connected to the WiFi network

If your device is using iOS 15 you will see a message when you connect to the USS network asking if you want to disable Private Relay. This functionality is not supported by the USS network. If you wish to use Private Relay please connect to a different network but please note that you may not have access to the full functionality that USS provides.
